FLAIR FOR SERIOUS COLLECTORS

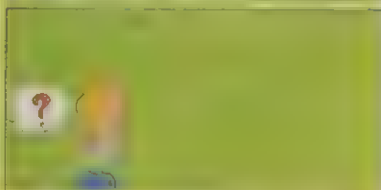

Hello, young people, I'm Mrs Stevenson
I agreed to help Beavis and Butt-head
insert some of their mail so
little angel, Stewart could
take his friends to a Cello
recital... Stewart just
loves the Cello and Sharing

I'll have to invite them to the next P.J. meeting

Dear Beavis & Butt-Head,

You guys rule! I love your show and comic. I have a question, though. What's the deal with Stewart? You two should kick his ass. Then maybe he'd stop hanging around and, like, thinking you guys are his friends and stuff.

I love it when you two dress up like Cool-man and Whitehead. Beavis's glasses are really cool.

Cool to him to ya.

BUTT SIZE:
WHY DO YOU WANNA
KNOW?

Stop being silly, Melina. Now why would the boys want Stewart to stop being their friend?

DEAR BEAVIS AND BUT-HEAD,

You guys are the best ass-licking Dudes. If you guys were any cooler than you are, you would be doing it with chicks all the time.

I think you should take Stewart, rub crap on his face and make him walk around the city all day.

Then you should run over him with your bikes and send him ~~to~~ home.

You should get Stewart's mom and Daria to ~~and~~ mud wrestle (nude).

I think you should cut Stewart's dud thing (if he has one) and feed it to a bunch of pissed-off turkeys.

Your ass-licking servant, Jonathan Ainsworth

Oh dear! Um... I think I'll just move on to the next letter...

5-1-96

Gabe Baby,

Am I like, gonna score or something. You're like, really hot. Yes, chicks rule. Could you like wear a low-cut shirt next month. Heh-Heh- for out, your pants are like, short. Heh-Heh- I said "hard" as in Tiny Genie. Will you like, touch my butt? Ah! Oh! You were great! How about one more quickie. OK! I'm done.

A good, healthy stool is one of the most important things in life! Congrats, Dennis. You must be getting plenty of natural fiber in your diet. I keep trying to impress upon Stewart the importance of healthy stools, but judging from his underwear...

MARVEL ON SALE THE FIRST WEEK OF AUGUST 1995 STILL ON SALE

UNIVERSE MARK'S REMARKS

As I noted in this space last week, it is particularly challenging being the editor in chief of long-running titles you wish to goose in sales like THE AVENGERS. You need to do something attention-getting to get those readers who have been passing it up to take a peek, but you also need to respect your contented core of regular readers who don't want you to do away with elements that kept them reading month after month. You do something too timid and no new readers catch on. You do something too radical and the old readers desert in droves.

Well, the creative crew in the AVENGERS and FORCE WORKS family of titles have brainstormed and come up with what for me is the most exciting direction the entire line has embarked upon in recent memory. We started by questioning every element of the status quo with the intent of shaking things up. We continued by imagining how far we could go without violating the essences of our characters. We ended up incorporating long-neglected characters, relationships, and subplots whose reappearance should have long-time readers doing cartwheels.

The result begins in the special AVENGERS: THE CROSSING edition, now on sale, and continues in IRON MAN, AVENGERS, FORCE WORKS, WAR MACHINE, CAPTAIN AMERICA and THOR. No, it's not another 89-partner with events creeping at a snail's pace. You can still read any of the books individually and still get a good idea of what's going on. But if you read them all, you'll find the tapestry to this section of the comics universe is getting a whole lot more colorful.

— Mark Gruenwald

SILVER SURFER #108

It's a space battle royal, with no holds barred! Will Galactus rip the wires out of Tyrant's mouth? Will the Surfer tear off the Doom-bot's head? Writer Mike Lackey describes this issue as "body-part-ripping excitement," so that should provide a clue! Assisting in this mauling mayhem are artists Tom Grindberg and Bill Anderson!

FANTASTIC FOUR #404

You've got another Thing coming to you this month — only it's not Ben Grimm — it's Sue! One Thing leads to another this ish, as the FF discover a machine which can change the Thing back to

human form — permanently! They also encounter a race of Things, who transform Sue into one of their own! Editor Nel Yomtov revealed a few of his favorite things about this issue: "Namor does battle against Sue, who has been transformed into a Thing-like creature! Also, we set into motion a big event that people have been waiting for!" All of these Things and more are brought to you by Tom DeFalco, Paul Ryan, and Danny Bulanadi!

IRON MAN #320

Attention, Iron Fan! Big things are happening in this book, and they start right here! We have some shocking plans for this book — plans which will tie in very closely with the AVENGERS titles for the next few months! This issue kicks off with a mysterious woman escaping from a mental asylum — a woman from Tony Stark's past who will have a dangerous effect on his future! You also get to see Iron Man demolish a building, in what new writer Terry Kavanagh calls "a dramatic demonstration of his powers!" New artist Adriana Melo will knock your iron socks off!
